

Dear Concert Choir students and parents/guardians,

In connection with a song we are learning in Choir about campfires and friendships I would like to host a campfire event in my backyard this Friday, September 6<sup>th</sup>, at 6:00 PM. It would be a bonding event: a nice way to get to know each other better.

I would like to invite a few of parents/guardians to come along as chaperones. It would last about an hour or so. No need to come if it doesn't work out. We will probably roast some marshmallows and pop popcorn. I have a fire bowl in my back yard so that is what we would be using.

My address is 3435 Cherokee Ln. When you get to my house just walk on the brick pathway to the side of the garage and we will all be in the backyard there.

PS-We are the only house on the little piece of Cherokee Lane right before it turns into Foothill. It's a one level white house on the north side of the road (white, wooden fence bordering front yard).

I will email this info once I compile a list of all your emails! I love the kids in this choir!
