Valentines

Parents,

Attached you will find a class list for valentines. In order to make it easier for the children to pass out their valentines on Valentine's Day we would like to ask that you please help them prepare their valentines in the following way. Cut apart the list and glue the names on the individual valentine envelopes or cards. Place the valentines in a bag to bring to school on Valentine's day (the 12th). The children will then pass out their valentines by matching the names on the cards to the names (from the same list) on the valentine bags we make here at school. Thank you for your help with this fun activity. The children love preparing and receiving valentines and we are glad that we can make it into a learning experience as well. They are able to read and match the names on the cards. We will make bags here at school for them to put their Valentine's in. If you have any questions please let us know.
